

User Manual

Introduction:

A powerful earthquake shakes your home in Athens, Greece revealing an ancient maze connected to your basement! Your dog takes off into the dark and ominous space before you have a chance to react! You quickly grab a flashlight and head into the maze after him. A perilous adventure filled with enemies, obstacles, and puzzles awaits!

Quick Launch:

Download the Scoto executable file and double click it to launch the game. From the start menu press PLAY to start the game, OPTIONS to adjust the settings, and QUIT to quit the game.
